	13	Vocal 2	Shure SM/Beta58 , Neumann KSM105 - (wireless)
Mixing			
Mixer	>13 Chan.	Digital mixer with sufficient number of channels & Aux-ways. Please provide an WLAN-Router near the stage – some of the musicians can/will make there Monitormix by App on ther Ipdas.	
PA & Monitoring			
PA	The PA-System must be adequate according to the size of the location an the number of anticipated guests.		
Monitoring	5-Way Monitorsystem		
Wedges	4x 15/2 (like drawn in the plan on page 2 of this document)		
InEar	Vocals	Vocals like to use In-Ear. It ist possible to replace Monitors 1 & 2 with In-Ear systems. In this case please provide Senders, Beltpacks AND and In-Ear-Headphones	
	Keys	The Keyboarder uses his own – wired – In-Ear-System. He only needs an XLR-Cable with the Monitorsignal.	

IMPORTANT!

Dear technical supplier, please confirm the reception of this technical rider either by mail to technik@livinmusicfamily.de or by phone (+49) 162 7477358.

This helps avoiding misunderstandings in the run-up to the event. Thank you.

Please have a look at the stage-plan on page 2 of this document.
